

To whom it may concern,

Satellite radio is great, if the local stations cant compete, to bad, I pay for this service, and I do not want things to change for a service I pay for, because of regulation and legislation. NAB members need to get their heads out of their rear ends and worry about real issues, like how to make their radio and tv better.

This is about choice, I choose to listen to XM radio, NAB members need to choose also, choose to compete, or choose not compete. Thank the good Lord that we live in a great country where we can have a choice. So quit your winning NAB members.
